Your case has been fully examined on the basis of the documentation submitted and it has been decided not to grant your application.</p> <p>Applicant does not meet the qualifying criteria, as per 14.1 of the Policy Document on Family Reunification', where, "Dependency" means that the family member is (i) supported financially by the sponsor on a continuous basis and (ii) that there is evidence of social dependency between the two parties. The degree of dependency must be such as to render independent living at a subsistence level by the family member in his/her home country impossible if that financial and social support were not maintained.</p> <p>Applicant has not satisfied the qualifying criteria, as per 18.1 of the Policy Document on Family Reunification' where, The issue of elderly dependent parents has arisen in a number of cases involving both Irish and non-EEA national sponsors. This form of migration can, however, be hugely problematic and is subject to considerable restriction in many jurisdictions, in some cases with extreme waiting times. It is of course entirely understandable that an Irish citizen or a non-EEA national lawfully resident in the State would wish to have his or her elderly parent residing with them so as to ensure their wellbeing as they get older and for the general enrichment of family life. However, it must also be acknowledged that the potential financial liability for the State of providing medical treatment, perhaps nursing home care and other services to an elderly person who is unable to support themselves is very considerable.</p>
